

# BEYOND RESOLVE

INNOVATE, INTEGRATE, ELEVATE

## CAPABILITY STATEMENT

Beyond Resolve is a modern-day Apple technology-focused small business specializing in state & federal government IT contracting. Beyond Resolve aims to address the gap in the industry regarding the integration of efficient enterprise support and procurement processes for Apple technologies. Beyond Resolve's mission is to become a leading provider of Apple technology-focused IT solutions for government contracts & private industry by offering expertise in Apple technology, government contracting, custom IT solutions, and cybersecurity. The company's commitment to determination and innovation is reflected in its name and its goal to transcend ordinary IT solutions and resolve complex challenges.

# DIFFERENTIATORS

- **Security-First:** Beyond Resolve places a strong emphasis on security in all its solutions to protect clients' sensitive data and maintain business continuity.
- **Proactive Approach:** Beyond Resolve goes beyond reactive problem-solving by offering predictive maintenance and continuous monitoring to prevent IT issues before they become major problems.
- **Multi-Platform Support:** The company offers support for multiple platforms, ensuring clients can leverage their existing technology investments while transitioning to Apple technologies.
- **Continuous Improvement:** Beyond Resolve invests in ongoing research and development to stay at the forefront of Apple technology and IT industry trends, ensuring clients receive the most advanced solutions.

# EXPERIENCE:

Beyond Resolve was founded by David Lewis, an experienced IT professional with a Master of Project Management and Business Administration, who has extensive experience in the government sector and a proven track record in implementing security solutions for Apple technologies within complex IT environments. He is currently the Sr. JAMF Engineer at DISA working on the Defense Enclave Services contract held by Leidos aimed at unifying 4th Estate's Apple/Mac Community. He spent the last 7 years in a dual role as the Project Manager and a Sr. Macintosh Systems Engineer for DISA Joint Service Provider's Macintosh Center of Excellence where his expertise and commitment has overwhelmingly contributed to the success of the Service Delivery contract held by NCI/Empower AI.

Kimberly Lewis, as our Chief Operating Officer (COO), holds a Master of Business Administration as well as a Bachelor of Science in Music Business. She has a diverse background in financial analysis, collections, office management, and administrative support, having worked in various industries including finance, religious organizations, and real estate for over a decade at PepsiCo/IBM. Her extensive experience includes managing teams, handling payroll, preparing financial reports, ensuring customer support, and providing staff development and training. Furthermore, she has experience in international corporate training and is proficient in advanced Microsoft Office applications, calendar management, coordination of people and resources, strategic planning, and meeting & event planning. Kimberly's expertise will significantly enhance Beyond Resolve's operational efficiency and productivity.

Beyond Resolve has adopted and internalized David and Kimberly Lewis' professionalism, standards, and experiences. This enables Beyond Resolve to navigate the complexities of business and government with a high probability of success while ensuring compliance and the delivery of quality IT solutions.
